NOTICE TO BIDDERS

This document serves as **Addendum 1** for IFB 6591 – Two Way Radios – Transportation Department. Please be advised that **all bids** should be mailed to the Guilford County Purchasing Department. **Bid submissions should NOT be emailed.**

Q 1) Is it possible for evaluation of alternative brands to Panduit?

We have many other more cost effective and high quality options...can we discuss further? Provide samples, etc?

A 1) Due to the warranty we use a Panduit end to end solution so for the purpose of this bid we are only accepting the Panduit Part numbers we provided. As far as a future discussion, we must be transparent with other potential bidders. Speaking to the company on a one on one bases will give that bidder an unfair advantage over other potential bidders.
