Question

I was reviewing this RFP and there is a conflict on the proposal due dates.

Can you please confirm what date the proposals are due?

- The header page indicates May 31, 2022
- Page 6 under Proposal Due Date section, states proposals are due May 3, 2021

Answer:

The RFP will remain active throughout the school year (until May 2022) just in case we need additional service providers. However, for immediate consideration (for nursing services starting in the fall), proposals need to be in by May 3. Hope this clarifies.
